L	39-42	31-34	41-44	8	12
XL	42-45	34-37	44-47	10	14

Please take your measurements before ordering.

Don't worry if you don't match the above measurements exactly, pick your closest match based on desired fit.

Our corsets are made to fit a range of measurements within each size, and have been designed with a few inches of opening where they lace up in the back. This allows for you to decide if you want to wear your corset tighter or looser.

Custom sizing is available for an added fee for those who may be outside the size chart or whose proportions vary significantly from the measurements above. For more information on custom sizing please email dollpartsdollhouse@gmail.com prior to placing your order.
